Opportunity

The City of Murrieta has an opportunity to apply for a grant that is put on by the California Department of Parks and Recreation (Prop 68). The grant's primary purpose is to develop an open space area into an all-inclusive recreational park designed to afford youth with physical, developmental, and cognitive challenges the ability to play in a safe, outdoor environment.

Objective

The above meetings will be used to collect the neighborhood's input on the park's design, equipment and layout. Parks and Recreation staff will be on-site each meeting along with periodical visits from the park architect and the playground equipment vendor.
