SMOKE DETECTORS AND CARBON MONOXIDE SELF CERTIFICATION

Final inspection approval will require this competes form to be on site along with the job card

Permit Number _____ Date: _____

Project Address: _____

Property Owner: _____ the undersigned does hereby certify that I am the property owner of the above referenced property. I further certify that smoke alarms and carbon monoxide alarms are present and functional in all the following locations. All boxes must be checked below.

- Smoke alarms and carbon monoxide alarm: on the ceiling or wall outside of each separate sleeping area in the immediate vicinity of bedrooms or in each hallway outside of the rooms.
- Smoke alarms: In each room used for sleeping purposes.
- Smoke alarm and carbon monoxide alarm: In each story, including any habitable basement; (Note: in dwellings or dwelling units with split levels and without an intervening door between the adjacent levels, a smoke alarm and a carbon monoxide detector installed on the upper level shall suffice for the adjacent lower level is less than one full story below the upper level).

All dwelling units with attached garages or fuel fired appliances require carbon monoxide detectors.

Signature: _____ Date: _____

California Residential Code(CRC) Section 314 & CRC Section 315

NOTE: This certification is only used when normal access to the interior of the dwelling by the City of Murrieta inspector is not achieved during the course of project construction. It is normally used for exterior projects such as re-roofing, patio covers, solar photovoltaic installations, and similar exterior construction work.
