

Using Mello-Roos/CFD Search

This link will show you if a property is located within a Community Facility District.

Step 1: Click on “Search Address” and type in Address with house number and street name and click “Find”. (If you prefer to search by APN number use the first nine digits only without hyphens).

Step 2: Move cursor over the address that is next to the + and right click and select “Zoom to”

Step 3: You will see a map on the right hand side indicating the CFD associated with this property

Step 4: While moving your cursor to the map the address will display and when you click on the address you will see the following details:

APN #, Site Address, Tract #, Lot #, Acre size, SQFT size and Year Built
