

Merry Christmas!

The elves and I are very busy getting ready for Christmas this year and I'm really excited that we will be arriving in Murrieta on Christmas Eve. I have been making a list and checking it twice and it says you have been very nice. I'm very proud of you! Santa Claus likes bringing toys to little children who are kind to others, listen to their parents, and do their best in school. I'm happy to see that your friends are on my list too.

Mrs. Claus has been baking Christmas cookies for all the elves so they have plenty of energy to build lots of toys. Your Mom/Dad has told me that you want a (Toy) for Christmas, and I'm doing my best to bring you that or something else that the elves made especially just for you.

Rudolf and all the reindeer are very happy that were going to be visiting you again real soon. He said he'll try to very quiet when we land the sleigh on your roof. If you have any extra carrots please leave a treat for Rudolf and all his reindeer they may be hungry from traveling so far! Have a very Merry Christmas!

*Santa*
