

LOMA LINDA UNIVERSITY  
HEALTH

Loma Linda University Medical Center – Murrieta is currently experiencing a high volume of patients and rapidly approaching capacity. We are using every bed, resource and staff member that we have available, but these levels are completely unsustainable for any extended period of time.

We are asking for the public's help to ensure that we can provide care to those in need by helping to limit the spread of COVID-19. We can do this together by social distancing, wearing masks and practicing proper hand hygiene. This is especially important as we approach the next few weeks when it is usually a time we gather together.

While making plans, please remember local hospital teams are working tirelessly to care for this community. Please help us by taking steps to flatten the curve and lower the spread of COVID-19.

Sincerely,

A handwritten signature in blue ink, appearing to read "J. Peter Baker".

J. Peter Baker  
Senior Vice-President / Administrator  
Loma Linda University Medical Center - Murrieta
