INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

City Council
City of Murrieta
Murrieta, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Murrieta, California (the City), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated December 31, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as Finding Numbers 2019-001 to be a material weakness.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described below in the accompanying schedule of findings and questioned costs as Finding Numbers 2019-002 through 2019-004 to be significant deficiencies.

We noted certain other matters that we have reported to management and the City Council in a separate letter dated December 31, 2019.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City's Responses to the Findings

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on them.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND ON
THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

City Council
City of Murrieta
Murrieta, California

Report on Compliance for Each Major Federal Program

We have audited the City of Murrieta's (the City) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2019. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as Finding Number 2019-005. Our opinion on the major federal program is not modified with respect to this matter.

The City's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The City's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The City is responsible for preparing a corrective action plan to address each audit finding included in our auditor's report. The City's corrective action plan was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of compliance requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Internal Control over Compliance (Continued)

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 31, 2019, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

CITY OF MURRIETA

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the year ended June 30, 2019

1. BASIS OF PRESENTATION:

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the City of Murrieta (the City) under programs of the federal government, as well as federal financial assistance passed through other government agencies for the year ended June 30, 2019. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to, and does not, present the financial statements of the City. The City's reporting entity is defined in Note 1 of the notes to the City's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Expenditures reported on the Schedule are reported using the modified accrual basis of accounting for governmental funds and the accrual basis for proprietary funds, which are described in Note 1 of the notes to the City's financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

3. INDIRECT COST RATE:

The City has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

4. CONTINGENCIES:

Under the terms of federal and state grants, additional audits may be requested by the grantor agencies and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to a request for reimbursement to the grantor agencies.

2. FINDINGS RELATING TO FINANCIAL STATEMENTS:

MATERIAL WEAKNESSES

Finding Number 2019-001 – Timely Bank Reconciliations

Condition

Bank reconciliations were not completed in a timely manner.

Criteria

An important element of internal controls over cash is the reconciliation process to identify differences between the bank and the general ledger and resolve differences timely.

Cause

Due to accountant position turnover and lack of oversight over bank reconciliation responsibilities.

Effect

When differences are not identified timely, errors or misappropriation of assets may go undiscovered for a time greater than the time in which errors can be corrected.

Recommendation

We recommend that all bank accounts be reconciled within 30 days after the end of the month and that all bank reconciliations be initialed and dated by the preparer to indicate that the reconciliation was prepared in a timely manner.

Management's Response

A Finance staff member has been assigned to allocate resources to address timeliness of the bank reconciliation. Appropriate monthly review and approval by Accounting Supervisor and Finance Manager will improve oversight over bank reconciliation responsibilities.

(CONTINUED)

For the year ended June 30, 2019

2. FINDINGS RELATING TO FINANCIAL STATEMENTS (CONTINUED):

SIGNIFICANT DEFICIENCIES

Finding Number 2019-002 – Reconciliation of Bank Account

Condition

Reconciliations for one of the bank accounts were not completed.

Criteria

An important element of internal controls over cash is the reconciliation process to identify differences between the bank and the general ledger and resolve differences timely.

Cause

Due to budget analyst position turnover and inability to transition responsibilities due to timing, and lack of standard operating procedures.

Effect

When the bank reconciliation is not completed misappropriation of assets may go undisclosed.

Recommendation

We recommend that the City reconcile asset seizure bank accounts within 15 to 30 days of the month end and that reconciling items be resolved within 45 to 60 days from the date that they are identified.

Management's Response

Finance staff will establish procedures to reconcile the asset seizure cash account and record its activities on a monthly basis. Finance staff will also establish procedures to reconcile the monthly bank balances to the General Ledgers on a monthly basis. These procedures will establish cooperation with the department's staff responsible for the recordation of the asset seizure cash activities in the General Ledgers.

CITY OF MURRIETA

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
(CONTINUED)

For the year ended June 30, 2019

2. FINDINGS RELATING TO FINANCIAL STATEMENTS (CONTINUED):

SIGNIFICANT DEFICIENCIES (CONTINUED)

Finding Number 2019-003 – Deficit Fund Balance

Condition

The Other Grants special revenue funds had deficit fund balances at the end of the year that was not solely the result of the timing of revenue recognition.

Criteria

When the operations of a fund are not anticipated to eliminate a deficit fund balance, management should make appropriate requests to transfer the necessary funds from the General Fund to eliminate the deficit.

Cause

This deficit is a result of recorded expenditures exceeding the special revenues being collected and the incoming transfers from other funds.

Effect

The General Fund ending fund balance may be higher due to the lack of transfers made to address deficits in other funds.

Recommendation

We recommend that the fund be analyzed to determine whether future special revenue sources will be sufficient to eliminate the fund balance deficit. If such special revenue funding will not be available to cover the costs being incurred, we recommend that management make appropriation requests to transfer the necessary funds from the General Fund to eliminate the deficit.

Management's Response

A Finance staff member will be assigned to track and monitor all special revenue funds and grants to ensure eligible expenditures and the appropriate revenue receivable are recorded on a timely basis. The Finance staff will apply current resources to analyze the Other Grants Special Revenue fund to determine cause of the deficit and recommend appropriate action to eliminate the deficit.

(CONTINUED)

For the year ended June 30, 2019

2. FINDINGS RELATING TO FINANCIAL STATEMENTS (CONTINUED):

SIGNIFICANT DEFICIENCIES (CONTINUED)

Finding Number 2019-004 – Year-end Closing Process

Condition

There was an unusually large number of City prepared journal entries posted to the City's accounts after the start of the final audit fieldwork.

Criteria

The City should maintain appropriate and effective control over year end closing process.

Cause

Due to significant staff turnover and limited staffing in the Finance Department, the City's accounting records were not sufficiently reconciled, analyzed and recorded in accordance with generally accepted principles in a timely manner.

Effect

This resulted in excess time to revise reconciliations and update audit working papers and delay in the audit.

Recommendation

We recommend developing a year-end, closing schedule that addresses each necessary task, who will perform each task, when the completion of each task is to occur and when such task has been completed and reviewed. The timing of specific tasks should be coordinated with the timing of management's or the auditor's need for the information. This year-end closing schedule should be monitored regularly to ensure that the tasks are being completed in a timely manner and the results of each task are in agreement with the related general ledger account balances.

Management's Response

The City of Murrieta Finance staff will develop a year-end procedures to identify year-end related tasks, schedules, and reports along with established deadlines. The Accounting Supervisor and Finance Manager will monitor progress of year-end tasks and assignments on a weekly basis to ensure timely completion.

3. FINDINGS AND QUESTIONED COSTS FOR MAJOR FEDERAL AWARDS PROGRAMS

NONCOMPLIANCE

Finding Number 2019-005 – Uniform Guidance Written Procedures

Major Program

United States Department of Justice: Direct Assistance, Equitable Sharing Program, CA0334200
(CDEFA No. 16.922)

Criteria

Uniform Guidance section 200.320 requires the following for procurement: (a) micro-purchases (\$3,500 or less) may be awarded without soliciting competitive quotations, (b) small purchases (\$3,500 to \$150,000) require price or rate quotations from an adequate number of qualified sources, and (c) sealed bids required for purchases in excess of \$150,000.

The Uniform Guidance has various requirements for written policies and procedures. Section 200.318 of the Uniform Guidance requires written standards of conduct covering conflicts of interest and governing the performance of its employees engaged in the selection, award, and administration of contracts. Section 200.430 of the Uniform Guidance requires established written policies regarding compensation.

Condition

The City's purchasing policy is less restrictive than the Uniform Guidance in that the policy only requires quotes for expenditures in excess of \$5,000, which is higher than the \$3,500 limit required by the Uniform Guidance. No issues were noted as a result of testing only that the policies have not been updated for the Uniform Guidance.

The City did not have the above written policies.

Questioned Costs

None noted.

Perspective Information

Not applicable.

3. FINDINGS AND QUESTIONED COSTS FOR MAJOR FEDERAL AWARDS PROGRAMS
(CONTINUED):

Finding Number 2019-005 – Uniform Guidance Written Procedures (Continued)

Cause

Primarily due to the short period from the prior year audit to formally update and implement policy with uniform guidance.

Effect

The City was not in compliance with requirements of the Uniform Guidance for written procedures.

Recommendation

We recommend that the City establish written policies and procedures in line with the requirements of the Uniform Guidance.

Management's Response

While the City drafted written policy to incorporate procurement requirements under the uniform guidance within the audited fiscal year, there was a short period to formally implement policy. City management is currently updating the City's purchasing code, and it will formalize the written policy administratively. The City does comply with the Uniform Guidance for all grant requirements.

CITY OF MURRIETA

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

For the year ended June 30, 2019

FINDINGS RELATED TO THE FINANCIAL STATEMENTS:

MATERIAL WEAKNESS

Finding Number 2018-001 – Year-end Closing Process

Condition

There was an unusually large number of City prepared journal entries posted to the City's accounts after the start of the final audit fieldwork. In addition, our audit procedures resulted to several material adjustments to the general ledger.

Recommendation

We recommend developing a year-end, closing schedule that addresses each necessary task, who will perform each task, when the completion of each task is to occur and when such task has been completed and reviewed. The timing of specific tasks should be coordinated with the timing of management's or the auditor's need for the information. This year-end closing schedule should be monitored regularly to ensure that the tasks are being completed in a timely manner and the results of each task are in agreement with the related general ledger account balances.

Current Status

This finding was not corrected and is therefore repeated as a significant deficiency as finding number 2019-004.

Finding Number 2018-002 – Capturing Information

Condition

The City entered in a purchase agreement to acquire street light poles from Southern California Edison. The purchase was funded by a capital lease purchase agreement with a financial institution. This transaction was not captured in the City's financial reporting system for reporting.

Recommendation

We recommend that management review its procedures for communicating and capturing information in its financial reporting system.

Current Status

No similar finding was noted in the 2019 audit.

FINDINGS RELATED TO THE FINANCIAL STATEMENTS (CONTINUED):

MATERIAL WEAKNESSES (CONTINUED)

Finding Number 2018-003 - Recording Complicated Transactions - Debt Refinancing

Condition

Debt refinancing journal entries were not recorded correctly, which resulted in a material audit adjustment.

Recommendation

We recommend that the City consult on the recording of complicated transactions to ensure that they are reviewed thoroughly. We further suggest that the general ledger be reviewed after significant journal entries are posted to ensure the journal entry is reflected in the general ledger appropriately.

Current Status

No similar finding was noted in the 2019 audit.

SIGNIFICANT DEFICIENCY

Finding Number 2018-004 – Timely Bank Reconciliations

Condition

Bank reconciliations were not completed in a timely manner.

Recommendation

We recommend that all bank accounts be reconciled within 30 days after the end of the month and that all bank reconciliations be initialed and dated by the preparer to indicate that the reconciliation was prepared in a timely manner.

Current Status

This finding was not corrected and is therefore repeated as a material weakness as finding number 2019-001.
